

CVVR 2023

International Conference on Computer Vision and Virtual Reality cordially anticipates your presence in **Sanya, China**, during **November 22-24, 2023**, curating rich sessions ranging from Keynote Speeches, Invited Talks to Oral Presentations and Poster Presentations. Join us, in this futuristic rhapsody.

CVVR promotes active and thorough exchange in the fields of computer vision and virtual reality and endeavors to foster theoretical advancement and practical breakthrough, serving scholars and industry researchers from all over the world as a platform of communication, connection and cooperation.

Topics

Topics include but are not limited to

Computer Vision

Machine Vision
Learning and Vision
Image Segmentation, Understanding and Processing
Face and Gesture Recognition
Visual Recognition
Geographical Information Systems
Deep Learning for Vision
Illumination and Reflectance
Biologically Inspired Vision
Content-Based Retrieval
Pose Estimation

Virtual Reality

Augmented Reality (AR)
Mixed Reality (MR)
Multimedia
Dynamic Texture Synthesis
Modeling Technique
Distributed Systems
Multimodal User Interface
Behavioral Modeling
Artificial Life
Signal Reconstruction
Motion Capture

Keynote Speakers

Prof. Huiyu Zhou

University of Leicester, UK

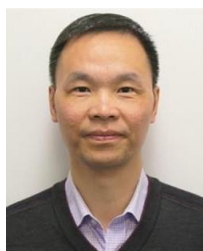

Dr. Wasiq Khan

Liverpool John Moores
University, UK

Prof. Chuan Qin

University of Shanghai for
Science and Technology

Prof. Huiyu Zhou

University of Leicester, UK

Prof. Linlin Shen

Shenzhen University, China

Prof. João Manuel R. S.

Tavares (Faculdade de Engenharia da
Universidade do Porto (FEUP), Portugal)

Conference Chairs

Conference Proceedings

CVVR 2023 accepted and presented papers will be published in International Conference Proceedings, submitted to **Ei Compendex, Scopus, Web of Science Conference Proceedings Citation Index**, and other scholarly indexes, to ensure maximum awareness of the Proceedings.
